

Contemporary Issues: Engineering Implications, Day 3

Marcus Brown

5/1/01

1

Today's Agenda

- Your reports
- Module Summary

2

Report Your Findings

- Four groups, chosen at random, report.

Time	Group	Topic
3:05-3:10	"R"	Power Blackouts
3:11-3:16	"B"	High gas prices
3:17-3:22	"C"	Carbon nanotube semiconductors
3:23-3:28	"I"	Global warming
3:29-3:35	Open Discussion	

3

Report Summary

- Were any issues common to most or all the reports?
- What have you learned about these issues?
- What have you learned about the importance of keeping abreast of contemporary developments in your field?

4

Contemporary Issues: Summary

- Write a short paragraph to answer this question:
- "Why is it important to keep up with contemporary issues in [my field]?"

5
